SONGS FOR JAPAN

OVERVIEW

In what stands as a major global music relief effort to benefit those affected by the earthquake and tsunami in Japan, over 30 of the biggest names in contemporary music have joined together for the worldwide release of "Songs for Japan," an unprecedented compilation of chart-topping hits and classic tracks.

Proceeds from "Songs for Japan" will be directed to the Japanese Red Cross Society (JRCS) to support its disaster relief efforts. The society will use the funds for the ongoing provision of immediate relief and for eventual recovery support to the affected population. The artists participating on "Songs for Japan," the music labels and music publishers have waived their royalties and proceeds from the worldwide sales of the album to ensure that the JRCS receives as much support as possible.
